

Join Super Cooper's Pit Crew!

The Super Cooper Little Red Wagon Foundation

Hello Chapel Hill Daycare Center Community—

As many of you know, Cooper Herman, the 2 year old former CHDCC Bumblebee, brother of CHDCC alum Grace and son of Elise and Justin Herman, was diagnosed with a brain tumor in August 2009. He underwent a 12-hour surgery and is now undergoing treatment in Boston.

The Hermans have truly appreciated all of the support the community, including families of CHDCC, have offered. Many families have asked what they can do to help. Show your support for Cooper and other children with cancer by wearing a Super Cooper's Pit Crew bracelet.

The donations received for these bracelets will benefit The Super Cooper Little Red Wagon Foundation, established by the Herman Family with the intent to give back to those organizations that have so generously supported them along this journey.

A donation of \$10 per bracelet would be appreciated. There are adult and child sizes. All contributions are tax deductible. Checks should be made payable to: Fidelity Charitable Gift Fund. Please reference Fund # 1027451 in the Memo line. Fidelity will issue a receipt to the address on your check.

Please leave order requests and checks in the manila envelope posted by the Bumblebees Classroom. Bracelets will be delivered to your child's parent cubby.

Questions: Contact Erin Malloy (Carson's mom in Bumblebees Room) eringuerry@nc.rr.com

Thanks in advance for your continued support!
